

HOUSING AUTHORITY OF THE COUNTY OF DEKALB

PARKING POLICY

Our first priority in our Parking Lot is to provide safe and adequate parking for our residents.

1. Parking is by Housing Authority Sticker only. To receive a sticker, residents must provide current information regarding their automobile: vehicle registration form, driver's license, license plate number, and insurance card. Stickers must be placed inside the car on the driver's side of the rear window in the lower corner.
2. Any vehicle parked on the property without a valid Housing Authority Parking Sticker, current valid license plates, improperly parked, in disrepair, or parked in designated handicapped parking spaces without handicapped license plates or handicapped parking tag, is subjected to be towed at the expense and risk of the owner of the vehicle.
3. All visitors must park their vehicles on the street or in specific areas marked for visitor parking. *Any* vehicle without the DCHA sticker in their window will be towed at owner's expense.
4. Vehicles parked on the property for seven (7) consecutive days or more which are not in operable condition will be towed at the expense and risk of the owner of the vehicle.
5. No large trucks, boats or trailers may be parked on the property.
6. No bodywork, tune-ups, oil changes or other repairs are to be done on the property. Minor emergency repairs, such as tire changing or battery charging are acceptable.
