Report on the Financial Statements

We have audited the accompanying financial statements of the Housing Authority of the County of DeKalb (the "Housing Authority"), as of and for the year ended March 31, 2020, and the related notes to the financial statements, which collectively comprise the Housing Authority's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Housing Authority's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Housing Authority's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Housing Authority as of March 31, 2020, and the respective changes in financial position, and where applicable, cash flows there of for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Housing Authority's basic financial statements. The combining financial statements and statements and certifications of actual modernization costs are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and the Department of Housing and Urban Development, and is also not a required part of the basic financial statements.

The combining financial statements, statements and certifications of actual modernization costs, and schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining statements and schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated September 9, 2020, on our consideration of the Housing Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Housing Authority's internal control over financial reporting and compliance.

ANALYSIS OF FINANCIAL STATEMENTS - Continued:

The net increase in capital assets is due to building improvement expenditures and capital fund construction in progress projects.

The net increase in current liabilities is offset by the decrease in noncurrent liabilities due to the loan payoff for the Briarwood Apartments bond due in December 2020.

Restricted net position represents those (Section 8 HCV) grant funds held for future HAP expenses only, as HUD requested these funds be classified as restricted.

The increase in tenant revenue is due to rent collected which is affected by changes in tenant income. The increase in HUD operating and capital grants is due to an increase in operating subsidy and more capital fund grant projects being completed in the fiscal year (FY20 \$810,286 vs. FY19 \$238,939). Other operating revenue decrease is due other tenant revenue and capital fund soft costs. Administrative expense increase is due to wages, employee benefits and asset management fee increase. Utilities increase due to Briarwood water expense and Public Housing gas expense. Maintenance and operations decrease due to lower maintenance contract costs. General expense increase is due to AHRMA insurance premium. In FY19 HACD received a premium surplus refund from AHRMA but did not receive in FY20. Housing assistance payments are consistent between years. Depreciation increased in FY20 due to additions.

HOUSING AUTHORITY OF THE COUNTY OF DEKALB
DeKalb, Illinois
NOTES TO THE BASIC FINANCIAL STATEMENTS
MARCH 31, 2020

NOTE 1 - Summary of Significant Accounting Policies

Reporting Entity - The Housing Authority is a separate governmental entity created for the purpose of constructing, maintaining, and operating public housing and providing rental assistance to low income and elderly persons. Most of the Housing Authority's funding is provided by the United States Department of Housing and Urban Development (HUD). All programs of the Housing Authority are included in these statements. The Housing Authority has no component units.

Programs Administered by the Housing Authority - The programs of the Housing Authority are recorded in one enterprise fund. Each program is maintained using a separate set of self-balancing accounts. The programs include Public Housing (which consists of three AMPS), Capital Funds, Section 8 Choice Vouchers, Central Office Cost Center (COCC), Section 8 New Construction, Business Activities, and Continuum of Care (COC).

Basis of Accounting and Measurement Focus - The Housing Authority's financial statements are presented on the full accrual basis in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The Housing Authority applies all GASB pronouncements as well as U.S. GAAP.

All activities of the Housing Authority are accounted for within one proprietary (enterprise) fund. A proprietary fund is used to account for operations that are (a) financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the cost (expenses, including depreciation) of providing goods and services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenue earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

A proprietary fund distinguishes operating revenue and expenses from non-operating items. Operating revenue and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenue of the Housing Authority are rents collected from tenants and operating grants. Operating expenses for proprietary funds include the cost of operating properties owned, administrative expenses, and depreciation on capital assets. All revenue and expenses not meeting this definition are reported as non-operating revenue and expenses.

The accounting and financial reporting treatment applied to the Housing Authority is determined by its measurement focus. The transactions of the Housing Authority are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operations are included on the statement of net position. Net position (i.e., total assets net of total liabilities) are segregated into net investment in capital assets, restricted, and unrestricted. When both restricted and unrestricted resources are available for use, it is the Housing Authority's policy to use restricted resources first, and then unrestricted resources as they are needed.

Cash and Cash Equivalents - For purposes of the statement of cash flows, the Housing Authority considers all highly liquid investments purchased with a maturity of three months or less to be cash equivalents.

Cash and Cash Equivalents - Restricted - Restricted cash and cash equivalents are segregated resources for tenants' security deposits and unspent housing assistance payments.

DeKalb, Illinois
NOTES TO THE BASIC FINANCIAL STATEMENTS - Continued
MARCH 31, 2020

NOTE 1 - Summary of Significant Accounting Policies - Continued

Accounts Receivable - Accounts receivable are recorded at gross amount, less an allowance for doubtful accounts. The allowance for doubtful accounts was \$650 for Public Housing and \$15,164 for Section 8 Choice Vouchers at March 31, 2020.

Note Receivable - At March 31, 2020, the Housing Authority has a note receivable balance of \$20,286, which represents repayment agreement balances owed by public housing tenants.

Insurance - The premiums on all major insurance policies are charged to prepaid insurance and amortized over the life of the policy.

Inventory - Inventory is valued at average cost, and consists of expendable supplies held for consumption. The cost of inventory is recorded as expenditures when consumed, rather than when purchased.

Capital Assets - Purchased capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated capital assets are valued at their estimated fair value on the date donated. Buildings and equipment are carried at cost or estimated fair value and depreciated using a straight-line method of depreciation over their estimated useful lives as follows:

Land improvements	5-15 years
Buildings and improvements	10-40 years
Equipment	5-10 years

Maintenance and repairs expenses of less than \$1,500 are expensed as incurred. Capital expenses of \$1,500 or more, with a useful life of greater than one year, are capitalized.

Impairment of Long-Lived Assets - The Housing Authority reviews its capital assets for impairment whenever events or changes in circumstances indicate that the carrying value of an asset may not be recovered. If the fair value is less than the carrying amount of the asset, an impairment loss is recognized for the difference. No impairment loss has been recognized during the year ended March 31, 2020.

Compensated Absences - The Housing Authority allows the following compensated absences:

Full- and part-time administration employees earn PTO as follows:

YEARS OF SERVICE	ACCRUAL RATE PER HOUR	ANNUAL PTO ACCRUAL
0-4	.0654	136 hours/17 days
5-8	.0846	176 hours/22 days
9-14	.1038	216 hours/27 days
15+	.1192	248 hours/31 days

Part-time employees earn PTO at a prorated rate based on the full-time accrual rates. No employee can accumulate more than 40 hours in excess of earned PTO. Upon termination, all pay for accrued PTO time will be included in the employee's last paycheck.

The amount of accumulated benefits at March 31, 2020 was \$18,222, and is recorded as a liability in the applicable programs.

DeKalb, Illinois
NOTES TO THE BASIC FINANCIAL STATEMENTS - Continued
MARCH 31, 2020

NOTE 1 - Summary of Significant Accounting Policies - Continued

Deferred Outflows and Inflows of Resources - In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to future periods and will not be recognized as an outflow of resources (expenditure) until then. The Housing Authority does not have any items that qualify for reporting in this category.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position which applies to future periods and so will not be recognized as an inflow of resources (revenue) until then. The Housing Authority does not have any items that qualify for reporting in this category.

Net Position Classifications - Net position represents the difference between the total assets and the total liabilities. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement for those assets. Net position is reported as restricted when there are limitations imposed on their use through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

Federal Aids - Federal aids for reimbursable programs are recognized as revenue in the year the related program expenditures are incurred. Aids received prior to meeting revenue recognition criteria are recorded as unearned revenue.

Employee Retirement Plan - The Housing Authority has a retirement plan covering substantially all of its eligible employees which is funded through contributions to the First Midwest Bank.

Due To/From Other Programs - During the course of operations, numerous transactions occur between individual programs for goods provided or services rendered. These receivables and payables are classified as "due from other programs" or "due to other programs" on the combining statement of net position and have been eliminated in the basic financial statements.

Interprogram Transactions - Quasi-external transactions are accounted for as revenue or expenses. Transactions that constitute reimbursements to a program for expenses initially made from it that are properly applicable to another program, are recorded as expenses in the reimbursing program and as reductions of expenses in the program that is reimbursed.

Rental Income - Rental income is recognized as rents become due.

Use of Estimates - The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Construction Projects - There are certain major construction projects in progress at March 31, 2020. These include modernizing rental units at many different projects. These projects are being funded by HUD. Funds are requested periodically as the cost is incurred.

Subsequent Events - The Housing Authority has evaluated subsequent events through September 9, 2020, the date which the financial statements were available to be issued.

NOTE 2 - Cash and Cash Equivalents

HUD regulations and statutes authorize the Housing Authority to have deposits in checking accounts, certificates of deposit, money-market funds, United States government securities, and repurchase agreements fully collateralized by United States government securities.

At March 31, 2020, the Housing Authority reported cash and cash equivalents as follows:

Cash and cash equivalents	\$ 3,010,047
Cash and cash equivalents - restricted	<u>198,027</u>
TOTAL	<u>\$ 3,208,074</u>

The difference between cash and cash equivalents reported below is due to reconciling items such as deposits in transit and outstanding checks.

Fair Value of Deposits - Deposits are reported at fair value. At March 31, 2020, the fair value of the Housing Authority's deposits approximated original cost; therefore, no fair value adjustments were necessary.

Determining Fair Value - Fair value of the Housing Authority's deposits are determined as follows: deposits with stated interest rates (operating accounts, savings accounts, certificates of deposit, repurchase agreements, and money market accounts) are stated at cost.

Income Allocation - Interest income is generally allocated to the program that owns the operating accounts, savings accounts, certificates of deposit, repurchase agreements, and money market accounts.

Custodial Credit Risk - Deposits - Custodial credit risk is the risk that, in the event of a bank failure, the Housing Authority's deposits may not be returned to it. The Housing Authority does not have a formal deposit policy for custodial risk. As of March 31, 2020, \$2,706,091 of the Housing Authority's bank balance of \$3,212,039 was exposed to custodial credit risk as follows:

Uninsured, collateralized by bank	<u>\$ 2,706,091</u>

NOTE 5 - Lease Income

The Housing Authority currently receives lease income for rooftop space at one of its Public Housing projects. The lease income is from five cancelable leases with varying expiration dates. The leases require the annual rents to be adjusted. Three of the leases are on five-year fixed rates with rates increasing after five-year increments. Income received from these leases during fiscal year 2020 totaled \$70,009 and is included in other operating revenue in the accompanying financial statements. The minimum future receipts under these leases are as follows:

2021	\$ 73,860
2022	73,860
2023	73,860
2024	25,800

NOTE 6 - Retirement Plan

The Housing Authority provides retirement benefits for all its full-time employees through a defined contribution plan. The name of the plan is the Housing Authority of the County of DeKalb Retirement Plan. The Board of Commissioners is responsible for establishing and amending the plan benefits. The Plan trustee is the First Midwest Bank. The entity that administers the Plan is also the First Midwest Bank. In a defined contribution plan, benefits depend solely on amounts contributed to the Plan plus investment earnings. Employees are eligible to participate on the first of the month following six months of employment. The Housing Authority contributes an amount equal to 14 percent of the employee's base salary each month. Employees are allowed to contribute voluntary contributions. The Housing Authority's contributions for each employee (and interest allocated to the employee's account) are fully vested after five years of continuous service. Housing Authority contributions for, and interest forfeited by, employees who leave employment before five years of service are used to reduce the Housing Authority's current-period contributions requirement.

The Housing Authority's actual contribution was \$140,101 for the year ended March 31, 2020. Total payroll expense for the Housing Authority was \$1,000,716.

OTHER REPORTS

**INDEPENDENT AUDITORS' REPORT ON INTERNAL
CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON AN
AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE
WITH *GOVERNMENT AUDITING STANDARDS***

To the Board of Commissioners
Housing Authority of the County of DeKalb
DeKalb, Illinois

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Housing Authority of the County of DeKalb (the "Housing Authority"), as of and for the year ended March 31, 2020, and the related notes to financial statements, which collectively comprise the Housing Authority's basic financial statements, and have issued our report hereon dated September 9, 2020.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Housing Authority's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Housing Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Housing Authority's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Housing Authority's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Housing Authority's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Housing Authority's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Housing Authority's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR
EACH MAJOR FEDERAL PROGRAM AND INTERNAL CONTROL
OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

To the Board of Commissioners
Housing Authority of the County of DeKalb
DeKalb, Illinois

Report on Compliance for Each Major Federal Program

We have audited Housing Authority of the County of DeKalb's (the "Housing Authority") compliance with the types of compliance requirements described in the OMB *Circular Compliance Supplement* that could have a direct and material effect on each of the Housing Authority's major federal programs for the year ended March 31, 2020. The Housing Authority's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the Housing Authority's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Housing Authority's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Housing Authority's compliance.

Opinion on Each Major Federal Program

In our opinion, the Housing Authority complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended March 31, 2020.

Report on Internal Control Over Compliance

Management of the Housing Authority is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Housing Authority's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Housing Authority's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
